

SQL

Finding duplicate items in sql table

```
SELECT email,  
       COUNT(email) AS NumOccurrences  
FROM User  
GROUP BY email  
HAVING ( COUNT(email) > 1 )==MySQL Query GROUP BY day / month / year]==  
SELECT COUNT(id),YEAR(date), MONTH(date)  
from dbname  
GROUP BY YEAR(date), MONTH(date);
```
